Agriculture	Level 3	Full-Time	2 years	September 2026	

### **Practical vs Theory**

45% 55%

#### The Course

Are you looking to develop a career in livestock production? This Agriculture T Level course will give you the knowledge and skills you need. You'll enjoy the ultimate blend of theoretical study in the classroom, gaining hands-on experience on our commercial farm and out in industry. T Levels have been developed in collaboration with employers to meet industry needs. They are a Level 3 qualification equivalent to 3 A Levels and offer you a balance of classroom theory, practical learning and a hands-on industry placement. You will spend 55% of your time in the classroom and the other 45% undertaking practical activities, including time spent in the workplace. This varies depending on the time of year. T Levels also carry UCAS points to take you on to university.

#### **Course Aims**

- > To provide you with practical and knowledge-based learning, with specialist components focused on livestock production.
- > Allow you to study and develop skills in real working environments, preparing you for employment.
- > To give you the knowledge you need to progress to university level study, should you wish.

#### What You Will Study

- > Sustainability, including environmental legislation, sustainable development, climate change and waste management principles
- > The principles of biosecurity
- > Employment rights and responsibilities and progression opportunities within the sector
- > Ethical principles
- > The supply chain and principles of stock management
- > Business organisations, enterprise skills and project management
- > Characteristics protected by equality legislation
- > Communication
- > Principles of customer care
- > Finance
- > Health and safety
- > Information and data
- > Occupational specialism: Livestock Production

# **Entry Requirements**

You will need 4 GCSEs at grade 4 or above. These must include English and Maths.

# **Teaching and Learning Approach**

You will learn through classroom sessions, practical work and blended learning.

## **Time Required on Campus**

You will usually be on campus four days per week.

## **Work Experience**

You will need to undertake a minimum of 315 hours (approximately 45 days) of on-the-job experience through an industry placement.

## How You're Assessed

You will be assessed through formative assessments, synoptic assessments and examinations.

# Clothing, Equipment and Additional Costs

- > Overalls
- > Steel toe capped boots
- > Hi-vis vest
- > Wellington boots

# **Progression**

This T Level will allow you to progress to university level study or straight into employment.

#### **Careers**

This course will allow you to explore careers as an assistant farm manager, farm manager, farm consultant, livestock nutritionist, livestock production manager, auctioneer, and many more.
