

Stepping Forward: Animal Management

Introduction to Animal
Care

BISHOP BURTON
College

Animal Experience

What animals have you had experience with?

List your experiences here:

This could be pets, work, volunteering or any other animal interaction.

Starter: The 5 Animal Needs

When working with animals, the 5 animal needs should be followed at all times.

Research and list the 5 animal needs below:

- 1.
- 2.
- 3.
- 4.
- 5.

The 5 Animal Needs: How can you provide them?

On the next 5 slides, write down how you can provide the animal needs. Use the photos provided as hints!

The five welfare needs:

The need for a suitable environment

The need for a suitable diet

The need to be able to exhibit normal behaviour patterns

The need to be housed with, or apart from, other animals

The need to be protected from pain, suffering, injury and disease

1. Suitable diet

How will you give your animal the 5 needs?

Animal need	How it will be provided
The need for a suitable diet	
The need for a suitable environment	
The need from pain, injury, suffering and disease	
The need to exhibit normal behaviour patterns	
The need to be housed with or apart from other animals
